## Why are there nutrients in Optimals skin care?

### EXPERT TIP

After summer, your skin may be prone to more discolourations. The skin nutrients in Even Out range can help to countereffect these changes.

**David Jameson**  
Manager, Product Scientific Communication, Cosmetic Technologies (Global R&D)

Just as good nutrition positively affects our bodies, similar applies to what we put on our skin – nutrient-rich skin care can impact our skin's health and beauty. Optimals ranges are formulated with skin nutrients, like vitamins, minerals, amino and fatty acids, antioxidant compounds, enhanced with natural origin technologies to help nurture skin's resiliency and help maintain its healthy look.

### UNITONE TECHNOLOGY IN FOCUS:

Pea Extract and Sucrose Dilaurate work together to reduce dark spots by decreasing melanin production and activity in your skin.

Gooseberry Extract is a natural source of Citric Acid that helps to increase skin cell turnover.

For flawless looking skin and rosy radiance – in just 2 weeks!\*

## What are the signs of skin ageing?

**David Jameson**  
Manager, Product Scientific  
Communication, Cosmetic  
Technologies (Global R&D)

*Ageing and beauty are personal and very much linked to our life's journey. However, we all have in common that over time, our skin's collagen and elastin levels decline, causing it to become less firm and elastic, and wrinkles to form. Our complexion can also become darker and duller, with discolourations and dark spots.*

## How are plant stem cells in NovAge sourced?

**Dr Christina Österlund**  
 Manager, Active Development  
 and Testing SRI (Skin Research  
 Institute, Stockholm)

After years of research, our scientists are now cultivating plant stem cells in the lab. We select plant species based on the anti-ageing potential of their chemical components and culture their cells under controlled conditions – they can flourish as they would in nature! Using plant stem cells typically requires around 90% less water than traditional plant cultivation, as well as less energy and no pesticides.

## How is oil-based cleansing different from water-based?

**David Jameson**  
Manager, Product Scientific  
Communication, Cosmetic  
Technologies (Global R&D)

*Oil-based cleansers remove oil-based impurities - even stubborn ones like SPF, waterproof make-up, pollution particles and excess sebum more effectively. Poorly removed make-up and other oily impurities contribute to blocked pores and blemishes.*

### NOVAGE EXPERT TIP

When you feel your skin needs an extra round of cleansing, you can follow the oil cleanser with a water-based one for a double cleanse - this technique ultimately helps to maximise the absorption of your serum and moisturisers.

## The world is yours. Now take it!

HERO INGREDIENT

### LAUREL LEAF SCENT

In ancient Rome, the Laurel Leaf was a symbol of victory, remembered even today in terms such as baccalaureate and poet laureate, conveying greatness in a chosen field. Used as an unguent to inspire victory and to heal wounds, the Laurel Leaf's aromatic fragrance signifies a winning spirit to this day.

1 x Astaxanthin & Bilberry Extract capsule,  
1 x Multivitamin & Mineral for Man / Woman tablet

### Why are there different versions for men and women?

This is because women generally require more iron while men need more magnesium, chromium, zinc, selenium, and Vitamin A, so the tablets reflect these tendencies.

## Healthy weight management starts here!

Staying in shape can be difficult, especially when you take into account a full schedule. How do you get your healthy nutrition on the way to the gym on a busy day? Meal Replacements are proven to work long-term precisely because they help support healthy habits that can easily be adapted to your lifestyle. So, grab an all-in-one shake and get moving!

### Why take it now

When autumn comes, your body is already preparing for the harsh winter months, when food is naturally scarce. Your instincts make you stock up with fats. Resists the temptation and reach for a nutrient-rich Meal Replacement instead!

#### How to prepare it?

Grab your shaker and mix there **2 scoops (25g) of Meal Replacement powder** with 250ml of milk or 310ml of soy milk\*\* for a vegan\* option. Shake, shake, shake... and enjoy!

\* Vegan/dairy free option when consumed with soy milk alternative.

\*\* As soy is a complete protein, it is important to use soy milk alternative. Other plant-based milk alternatives (almond, coconut, rice, oat) are not suitable here due to their nutritional composition.

Registered with the **Vegan Society.** Suitable as a vegan/vegetarian option when consumed with soy milk alternative.

Meal Replacement shakes are balanced meals designed to safely, conveniently and effectively help you **control your calorie intake.**

With stevia, a natural, plant-based sweetener and alternative to sugar that has zero calories. The formula does not include **artificial sweeteners nor added sugars\*\*\*.**

Contains **Sunflower oil**, a healthy source of fat that provides the essential fatty acid, linoleic acid.

**High in fibre**, with up to 7 grams of dietary fibre from natural sources.

Suitable for **gluten free** diets.

\*\*\* Meal Replacement for Weight Control powder contains no added sugars. Cow's milk contains naturally occurring sugars. Soy milk alternative may contain added sugars.

### Why should you love Omega 3?

- It is a splendid source of essential fatty acids EPA & DHA that our bodies constantly need but do not produce on their own.

- It helps to support heart\*, brain and eye health\*\*.

\*The beneficial effect is obtained with a daily intake of 250 mg of EPA and DHA.

\*\*The beneficial effect is obtained with a daily intake of 250 mg of DHA.

- It is developed using fish oil from sustainable fisheries that comply with the Friend of the Sea criteria and conform to strict European Regulations.

## Keep your body healthy and happy

When it comes to looking and feeling our best, one of the most decisive factors is the food we ingest. The most nutritious-dense foods in nature are found under the sea. But while fresh oily fish and algae oil might be hardly available, our Wellness by Oriflame Omega 3 is always at hand to provide you with the essential fatty acids your body needs!

Take 2 capsules per day with a meal.

For our Omega 3 supplements, we only use pure, natural, pharmaceutical grade fish oil, certified sustainable by the association Friend of the Sea (FOS) - an independent organisation with a mission to conserve the marine environment while ensuring sustainable fish stocks.
