CLEANSE

Cleanse skin twice daily to remove impurities and prep it to better absorb the rest of your routine.

TARGET

Reach for the lightweight eye cream to redefine contours, smooth wrinkles and awaken the eye area.

BOOST

Apply serum before moisturisers to boost their effects and help firm, lift and reduce wrinkles.

MOISTURISE

Use day cream to define contours, revitalise and protect skin, and night cream to nourish and firm it.

ROUTINE IN FOCUS

Lift, define and revitalise

When skin starts to lose its elasticity and firmness, it needs a refreshing boost to keep the youthful appearance. NovAge Ultimate Lift set answers those needs! It rejuvenates collagen and elastin production to reveal more vital complexion and provides protection against free radicals to help slow the skin-ageing process. Follow the steps of the routine and see what a difference a well thought out regimen makes.
