When dead skin cells accumulate on the surface of the skin, they can make it look dull and make pores and lines more visible. What's more, accumulated dead skin cells could have an impact on your skin's ability to optimally absorb your skin care products.

SKINRELIEF

What is sensitive skin?

Did you know that over 50% of women over the age of 30 experience sensitive skin? This trait can be inherited or triggered by external factors like UV, pollution, and cosmetic ingredients. Symptoms include roughness, tightness, breakouts, itching, burning and many others. Often times it's the reason to avoid anti-aging products in fear of any unwanted skin reactions. New NovAge Skinrelief set is here to prove that you don't need to compromise any longer.

Use the Eye Reviver to delicately spread the eye cream. Put a small amount of pressure and gently massage the skin.

REVIVE YOUR EYES

The skin around the eyes is **10 times thinner than the rest of the face**, so naturally it is the first to show **fatigue and signs of ageing**. And that's why it requires special care. Use the eye cream daily, morning and evening. Put a small amount on a fingertip and then dab a few dots below the eye, along the orbital bone. Use your fingertips to gently spread the cream or reach for an eye reviver tool. The reviver will provide a refreshing, cooling sensation that stimulates the senses and helps to de-puff the skin.

PACKED WITH NUTRITION, LOW ON CALORIES

Did you know that our Natural Balance Soups contain not one, not two, but three protein sources? And our Protein Blend was created with a unique, high-quality blend of protein and dietary fibre? Thanks to that, they are a perfect solution to enhance your daily nutrition.

Marlene Nordlander
Our Senior Global Wellness Trainer

"The savoury Natural Balance Soups are perfect as healthy snacks, or as part of a main meal, to top up on your protein intake during the day. Mixing the Protein Blend into foods and drinks makes it easy to enrich them with good quality protein and dietary fibre with a neutral flavour. For example when making pancakes, replace 1/3 of the flour with Protein Blend to increase the nutrient value with protein and fibre."
