## Editor's letter

# DUALITIES SPARK CREATIVITY

One of my most inspiring beauty moments was with my daughter. We have different styles - she loves bold, playful looks, while I prefer a more natural, refined approach. One day, we decided to do each other's makeup. The result was a beautiful mix of styles that celebrated our unique personalities. Moments like these remind me how beauty can bridge generations and spark creativity in the most meaningful ways.

At Oriflame, we embrace a similar approach, blending the experiences of different generations to foster the creativity and innovation that drives our evolution. This mindset is beautifully reflected in the scent GG Essenza. Over the past 10 years, this fragrance has empowered countless women to embrace their unique style by celebrating individuality and the beauty of self-expression.

## WHY WE LOVE COCONUTS

Coconuts are tropical treasures, thriving in sun-kissed coastal regions where they contribute to rich ecosystems. Beyond their many uses, coconut palms are ecosystem heroes, enriching the soil and supporting biodiversity.

**Here's why coconut oil is a skincare superstar:**

1. Rich in essential fatty acids, it deeply moisturizes and nourishes.
2. Coconut oil leaves skin feeling soft, supple, and conditioned.
3. It supports a healthy skin barrier, helping to lock in moisture and protect.

**Helps protect both hands and nails from dryness**

## WHY WE LOVE ALOE VERA

Thriving in sun-drenched, arid regions, this spiky plant holds a treasure trove of benefits within its 99.5% water-filled leaves. **Packed with enzymes, amino acids, and antioxidants, aloe is a true skincare hero.**

### Here's why:

1. With its high sugar content, aloe vera delivers deep hydration.
2. Feels instantly refreshing and revitalising on the skin.
3. A brilliant moisturiser, especially for combination skin. From ancient remedies to modern beauty routines, aloe vera's cooling touch remains a favourite!
