# It all started with a dream

A dream shared by brothers, Jonas and Robert of Jochnick, and a friend of theirs, Bengt Hellsten. Three Swedish entrepreneurs envisioned a company making high quality beauty products inspired by nature, available and affordable to everyone.

Over time they created a business and community of passionate people that would extend across the world, inspire others, and make lives better for the many. They fulfilled their dream, and inspired others to follow.

Today, Oriflame has grown to a world-wide company and community with millions of independent Brand Partners, in more than 60 countries, who share the dreams of our founders to sell Oriflame beauty and wellness products across the globe.

*Beauty that is more  
than how you look*

We all find ourselves in a rapidly changing, more digital world. Oriflame's entrepreneurial spirit serves as a guide for us to adapt and change with the world, not shy away from it. Today, 97% of all Oriflame orders are placed online. And we keep the dream of our founders to support you, our community, by creating fun, easy and rewarding experiences offline and online.

Welcome to the new size and format of the catalogue! It's the same catalogue you know, in a more modern design - now it looks just like our eCatalogue! The idea is to give you a more practical version of our traditional catalogue - easy to carry, easy to share!

In this catalogue you will also be introduced to our new Haircare brand Duologi, developed to transform your hair health. Formulated with skincare ingredients to cleanse, moisturise and treat your hair from the roots. Ready to join the haircare revolution?
