# Don't let sensitive skin hold you back!

*Sensitive skin is a challenge that approximately 50% of women over 30 have to face. This unpleasant trait can be either inherited or triggered by external factors such as UV, pollution, or specific cosmetic ingredients.*

And once it occurs, it can cause roughness, tightness, breakouts, itching, stinging... The list goes on. And in many cases this list becomes a reason to avoid anti-aging cosmetics in fear of an unwanted skin reaction. NovAge Skinrelief, clinically proven to reduce skin sensitivity and effectively reduce wrinkles, combines both worlds for beautifully calm and youthful skin.
